# Roman Janssens

## CLOUD & CYBERSECURITY

As an IT student with a deep passion for technology, I bring strong problem-solving skills and a commitment to continuous learning. I thrive in team environments, adapt quickly to new challenges, and am always eager to contribute to achieving project goals.

## EDUCATION

### Cloud Management & Cybersecurity

Thomas More University of Applied Sciences | Geel

- 2023 - Present

### Information and Communications Technology

Sint Maria Geel

- 2020 - 2023

## WORK EXPERIENCES

### DEVOPS & INFRASTRUCTURE INTERN

CRHackLab | Foligno, Italy

February 2026 – May 2026

- Deployed and managed internal services using Docker and containerized infrastructure
- Improved network accessibility and security through DNS configuration, reverse proxy solutions, and HTTPS implementation
- Researched and prepared Kubernetes-based infrastructure for future scalable deployments
- Documented infrastructure configurations, deployment workflows, and operational procedures

### WEB DESIGN & FRONT-END DEVELOPMENT INTERN

Futuro | Zadar, Croatia

May 2023 (3 weeks)

- Built responsive layouts using HTML/CSS, improving site speed and usability
- Collaborated with a small development team to test and debug pages
- Gained first-hand experience working in an international tech setting
